vultures and you let them escape you escape they vanished if muhammad has stayed then only the weakest have gone weak or strong they ll blacken our name we re honest merchants we buy and sell in good faith we cannot afford scandal abyssinia amr you are a friend of annajashi the king yes can you use that friendship i think i can bring them back yes abyssinia rise up amr please nothing you may ask for that we will not give lion of judah i i don t know where to begin you have our friendship begin there certain runaway slaves have escaped from us into your kingdom slaves go back as you no doubt would returned our slaves to us there are however some free men among them rebels rebels disturbance in arabia why am i not informed they are rebels in religion at one time or another all religions were rebellions the bodies of slaves of the world and beaten are disposal but as jesus christ as our shepherd the souls of men are his sheep these are arabs who have betrayed the religion of their fathers they follow a lunatic they call a prophet but i cannot put souls into chains without hearing them good they re stiff next we ll hang them do you not bow to yourself before your prophet muhammad is a man we kneel only to god where are muhammad s miracles jafar if he were a prophet he d light the sky with miracles indeed this is true god has given his prophets the signs of miracles that we may recognize them the miracle of muhammad is the holy quran a book a book written by an illiterate attributed to god i think the emperor has had enough i m mindful of petty costs when god set down tongues of fire upon the heads of christ s apostles so they could speak the many languages of the world that they knew not before but do such miracles happen in our times i ve heard enough you ve made a poor case when we suffered persecution in mecca muhammad told us go to abyssinia the land of the righteous king where no man is wronged what they call persecution was fair punishment that is order now why did your prophet send you to me because you believe in the book of the one god as we do he sent us because in your heart god will protect us talking with him is like drawing water from a mirage but they ve now belay that duty on me to listen to them my friend go on for years we worshiped wood and stone images of our own manufacture we lived in ignorance of god we had few earthly laws and no heavenly laws the rich neglect the poor and the natural pity of man whereby he lifts his brother up when he has fallen is described by them as upsetting social order to this inhumanity has come a man whom god chose and in that we believe you ve overcome i beg you to collect yourself i speak of the messenger of god muhammad teaches us to worship one god to speak truth to love our neighbors as ourselves to give charity even a smile can be charity to protect women from misuse to shelter orphans and to turn away from gods of wood and stone i cannot keep still and hear this blasphemy we are an ancient civilization to call our gods wood and stone is to speak ignorantly of them the idol the form is not what we worship but the spirit that resides within the form i agree that idolatry is not always fully understood thank you now let me bring him back to the women god made woman to be the proper companion of man she is different but equal equal we buy them feed them clothe them use them discard them women equal to us god created man from one male and one female amr you must respect in all woman the womb that bore you why are your guards so tongue tied while this only guard is eloquent god has spoken to us before through abraham noah moses and through jesus christ why should we be so surprised that god speaks to us now through muhammad who taught you those names

they are named in the quran i knew muhammad when he was an orphan minding sheep
and we knew christ as a carpenter what christ says and what your muhammad says
is like two raised from the same land they are lying to you they deny christ you
worship three gods they say father son and holy ghost they say what do you say
of christ they say god cannot have a son christ is not the son of god speak to
me of christ we say of christ what our prophet has taught us that god cast his
holy spirit into the womb of a virgin named mary and that she conceived christ
the apostle of god the apostle he says not the son not the son what does your
miracle your quran say of the birth of our dear lord jesus christ may i relate
the words come closer to me in the name of god most gracious most merciful
relate in the book the story of mary how she withdrew from her family to a place
in the east how we sent to her our angel gabriel who said i am a messenger from
your god to announce the birth of a holy son to you she said how shall i mary
have a son when no man has touched me and gabriel replied for your lord says it
will happen we appoint him as a sign onto man and a mercy from us it is a thing
ordained the difference between us and you is not bigger than this line not for
a mountain of gold will i give them up to you you may live in abyssinia in peace
for as long as you wish may god s blessings be upon you when you return
lntolerable mohamed disturbs even our foreign alliances very well we will make a
foreigner of him abu talib has his arms around him very well we will throw uncle
and nephew out in one bundle his whole family out we will expel them from
ourselves no merchant may trade with them no land remain to them no roof shelter
them no beggar beg for them no woman marry them until they renounce they can t
these were the worst years of muhammad s life for three years they suffered the
hunger thirst cruelty of the open desert but the year of grief was still to come
when khadija muhammad s wife for 24 years died when abu talib his old protector
died with his last breath abu talib tried again to reconcile mecca and muhammad
he never asked more from you than one word one one god if it were only a
question of one word we would have given him ten words but the word he wants
would dethrone all the gods you were afraid even to hear him with the death of
his uncle muhammad has now lost all protection he was no longer safe in mecca
alone with zaid his adopted son he went to the hillside town of taif he asked to
be taken in to be allowed to preach but the children of taif were turned loose
to stone him back into the desert what are you doing stop stop leave him alone
go away muhammad called this the bitterest day of his life then miraculously
when muhammad s mission seemed to have failed his entire situation changed a
deputation from the rich but self destroying city of medina met him by night at
the rocks of aqaba asking him to come to them to stand between their factions to
mediate their continual quarrels and civil wars muhammad agreed provided they
gave him a pledge that they worship the one god only wait when we take this
pledge we expel ourselves from the rest of arabia so wait war is in this pledge
we are to make enemies of brothers we are to make firewood of our gods that is
the meaning of the pledge if we take it there can be no turning back for
muhammad is indeed the messenger of god foretold to us by the jews in our city
so if anyone has doubt in this pledge go now and if you have no doubts then you
do as i do i pledge myself to the one and only god and to you muhammad the
messenger of god he is of us and we are of him let him bring his followers our
brothers to us to medina sync corrections by pocong ltti this was a journey that

changed the world the hijra or flight to medina only 70 people split up into small groups walking 250 miles of desert yet so profound were the consequences so lasting were the effects of this walk that from it the muslims date their calendar in this moment islam found it s future muhammad himself stayed in mecca in the greatest danger until all his followers had left safely muhammad has become a nation he has received a city entering into pledges and treaties and you salool who claim to be king of medina lost the kingdom last night while you were in bed you should worry about yourself abu sufian every time you trade a whiff of perfume out the city you must creep past that man in medina he is across your mercantile throat so to speak and what do you intend to do l intend to wait and how long will you wait till you and the rest of arabia remove him to save your way of life and while you wait i should accept his call of course does he think i will give him my birthright i will not medina is worth the conversion hypocrisy of course it s a healthy hypocrisy king salool wiping his face on the floor 5 times a day praying i don t believe you he may not have to we ll do know what we should have done before kill muhammad come come and see they say that practice leads to perfection 7 young men each from a different family my own son ikrima is with them they will stab him together if the responsibility for his death is shared where lies the guilt my idea i m not sure i m part of it muhammad s body contains too much his mind his words but it is an ingenious solution and a final one no ali his cousin laid there to die for him who are we fighting they cannot go far

continue your pilgrimage next year and for 3 days only in and out we also agree to the truce for 10 years during that time you will not attack any tribe or ambush any caravan or any individual associated with us and vice versa if you injure any one of us the truce ends and vice versa is that clear ten years ten years of peace we need that time we will use that time these letters from muhammad messenger of god to the rulers of the world call the world to islam to heraclius emperor of byzantium kisra emperor of persia muqawqis patriarch of alexandria god go with you god is great god is great god is great there are no different races in islam an arab is not superior to a foreigner nor a white man superior to a black all return equally to god unless you desire for your neighbour what you desire for yourself you don t have faith a man goes to bed with his belly full while his neighbor is hungry he isn t a muslim the ink of a scholar is holier than the blood of a martyr a man reading is handsome in the sight of god so learn to read and when you have learned teach the people of the book the jews with their bible the christians with their testament must be respected by you for their books likewise came from god you must not think of muhammad as more than a man he was collecting firewood one day let me do it i said why he said you are the prophet of god you can t go around scratching for firewood but he looked at me mumbling god does not like the man who considers himself above other men he said so i laid back and watched him suddenly he stopped he stood to his full height and came to me yes i am the prophet of god he said but even i do not know what will become of me amr have you come to take me again no i have come to ask you to take me i witness that there is only one god and that muhammad is his messenger may god forgive me the times i have fought against you islam does away with all that went before it i m sorry i came in here wearing here are my jewels what they are worth i give to the poor and may i offer you my yes but you were the bitterest sword against islam now by the will of god i will be the raised sword of god ah its all easy to god just as he makes dying living he can make losing winning two years ago we thought we were beaten when we had to sign that truce look at us now charging from victory to victory in the hearts of men what s that abu sofyan is coming abu sofyan why am i insulted like this i m abu sofyan i expect some courtesy we are not at war we have a truce i have come to speak to muhammad where is he he is in the mosque muhammad we did not break the truce i have come to reaffirm the truce i speak for mecca muhammad why do you turn from me don t go muhammad don t go bedouins broke the truce not us the night was dark i am here to testify the night was dark barra barra this is your city hudayfa you are my kin aim to see for me i must be heard i am mecca i am the leader of mecca why am i insulted like this because you keep no promise and respect no pledge i have heard what i never thought i d hear abu sofyan asking for pity to be outfought outfought outmaneuvered by a one time shepherd you saw that shepherd s religion grow from a speck speck was in my eye i could see nothing tell mecca their gods are dead it is useless to resist god travel fast or every man here will be close behind you it s you who have broken the truce for tonight will be ten thousand men from every tribe now we can fight them you are back we will close the streets and defend from the houses it s no use there are thousands of them every hour they are joined by more you coward hind go home you coward are you the leader of mecca look at yourself you are broke they swallowed you and spat you back did my

father and brother die for my husband to run away you go home you we can not resist mecca is taken no no we are to camp here for the night i can see mecca even through the mountains so many fires i cannot count them it s very beautiful when we drove them out of mecca i did not know they carried mecca with them we can smell the bread they re baking yes it means they don t intend to plunder at least i hope that s what it means they don t want blood on their own walls and doorsteps i can bargain with that take me to him so you are giving us the city you offer me no bread i understand you may decide to kill me say what you have come to say i saw your fires the men around them and i know what power you put into your men we can no longer resist muhammad now if you ll agree you dare to come here and ask for conditions isn t it time yet for you to recognize who muhammad is muhammad there is still doubt in my heart if i were to cut off your head it would remove all your doubts khalid there s no compulsion in religion a man may take many years or only need minutes it s god who decides the time so respect his doubts you re a black slave you are the best school i am only what god has given me yes the gods that i worshipped they don t have any use it would have helped me i declare under no compulsion there is one god and you are the messenger of god now let me go get inside no doors may be broken down nothing plundered nothing seized no one abused all behind closed doors are safe all in abu sofyan s house are safe all by the kaaba are safe at least he kept his word they haven t forced a door he s stolen hearts not walls it s a permanent victory i dread going out we must we must at the end were we so wrong the way we lived yes that was wrong we were trapped in our own faults our gods were less than us now there he is making his entrance to the kaaba in the name of god most gracious most merciful god gave this house to abraham to be a sacred place worship no other gods but him and cleanse his house so it was muhammad took no revenge and allowed none he declared mecca a holy place no one may shed blood or cut down a tree or kill a living thing in mecca soon all arabia was converted not only to the new worship but to the new laws manners attitudes contained in islam the prophet had lived to see his work done but now he began to feel the nearness of death one great act of his prophethood remained the setting of it s seal he called the people to him and he spoke for the last time his message of surrender to god and humanity to man oh mankind listen well i may not be with you much longer the weak among you feed them on what you eat dress them as you are dressed you will meet your god and he will call you to account for your actions let those who are present warn those who are absent you are all are descendant from adam and the best among you is he who most regards god think deeply about what i say let all your feuds be abolished you must know that every muslim is the brother of every other muslim and all muslims are brothers one of another between muslims there are no races and no tribes nor must you take anything from your brother except what is given freely do not oppress and do not be oppressed o my people i am but a man it may be that the angel of death will visit me soon and death will overtake me but i have left you a book revealed by god the quran which is light and guidance now he repeated to the people the final revelation of the quran the seal and termination not muhammad s words but god s word this day i have perfected your religion for you and completed my favour to you and i ve chosen for you islam as your religion on june the 8th 632 in his 63rd year muhammad died many of his followers could not believe the fact

how can such a man die but abu bakr the prophet s friend stood up in the mosque
if anyone worships muhammad let him know that muhammad is dead but he who
worships god let him know that god is alive and can not die they buried muhammad
beside his mosque in medina but the religion he preached found it s place in the
heart of man it endured it multiplied still to mecca they come mankind the
people of islam dressed in their pilgrim white all equal before god all united
in this place of prayer each individual soul joined in a community of worship

am always sad when the great fair is over i might not see the next one abu talib abu talib catch your breath zaid has muhammad come down from mount hira yet he s been up there three days no no i haven t seen him khadijah hoped he might have come to you on his way home then he s still up there three days i m afraid for him on the mountain because i don t know what it means men see the world too well from a mountain muhammad read in the name of thy lord who created man from his sensitive drop of blood who teaches man what he knows not read he s still trembling under the blanket but he has spoken zaid what happened to my nephew on the mountain he was alone in the cave suddenly an angel came in to him the angel said read muhammad replied i can not read the angel commanded again read in the name of thy lord who created man from his sensitive drop of blood who teaches man what he knows not read who knows if it was gabriel it could have been a dream when muhammad was coming from the mountain he saw gabriel plainly in the shape of a man standing on the horizon wherever he looked upon every turn of his head he saw him and gabriel said to him again i am gabriel and you muhammad are the messenger of god who has he told about this his wife and ali and his friend abu bakr and you i am his adopted son be careful to whom you talk tell him his uncle who protected him when he was a child will protect him still after all they say the god of moses spoke to him out of a burning bush if you do not restrain your nephew then we will he s dividing the city heart against house he s dividing the generations child against parent the young are listening to him he attracts the young we are arabs we obey our fathers our children cannot be our teachers how can we accept that the man we met in the street yesterday can be some god s prophet today dead bones can live again he says because he who created man can also make man return from the dead he says the gods might leave us and give their benefits to another city tell him we will give him authority position and keys to the kaaba and money what money he wants tell him we will give him anything he wants muhammad spare yourself and me do not put a greater burden on an old man that he can bear in your childhood you were in my arms i cannot now see you hurt if you refuse them they will hurt you he said this to me were they to put the sun in my right hand and the moon in my left i would not renounce my message which is from god when i am dead you may do as you please but whilst i m alive you will obey your father why did you hurt our father if i were drunk every day and played dice every night you d call it high spirits you will be more my brother than you are now you are all my children i ve given you everything i could but it seems not to be enough muhammad gives me more he give all the world more get him out of here father it s not waleed or me it s our father you tortured him wait hudayfa wait how can they say it s an invention musab when it isn t new in mecca it s new yet god has said it all before to noah moses jesus to all the prophets but people changed it turned it forgot it now god said it to muhammad again and it is new again what is it it s jafar what have you brought with you the very word of god when the sun is overthrown when the stars fall when the mountains vanish when the camels big with young are abandoned when the wild beasts are herded together when the seas rise when the souls are sorted when the female infant who is buried alive asks for what crime she was killed when the books are opened when the sky is torn away then every soul will know what it has done were you there jafar when god gave him these words dawn is coming up ammar you first then you jaafar ammar you kept your

mother awake all night with worry i m sorry father where were you have you been
with muhammad again what will happen now forgive him it was my fault i did it
that god has helped us all our lives but it fell it could not even help itself
what talk have you been listening to the real god is unseen he s not made of
clay ammar we see the gods in the kaaba every day i m afraid for you you re
listening to people who will hurt you i m listening to muhammad mother muhammad
is generous yes he gives he shares he ll pass no man without a smile but he is
spreading dangerous ideas dangerous ideas that no man should start that the rich
should not afloat the poor the strong should not oppress the weak are these
dangerous ideas girls should not be forced into marriage but be able to choose
or refuse by only tonight he said stop the burial of new born girls i was
fortunate always fortunate with your mother yes but you know that you and i
nearly never met yasser and you were nearly never born i was to be buried like
my two sisters but my father couldn t do it he couldn t do it the third time
when the second girl was being when my father was putting sand over her she took
hold of his finger the way a baby does he told my mother afterwards that it was
a minute before the tender little grip eased and he dared take away his hand
when i was born my father ran out of the house screaming that he couldn t do it
again that he could never do it again sumayyah it is the custom but it s wrong
the gods that let such things be are no gods i promised to go to muhammad s
house mama we pray there yes he is a good man yes yes you go two men are
following him read muhammad can neither write nor read but he can speak what did
you say he can speak well so can you so now you speak up young man what does
muhammad say umm they are god s words not his which god s what words a speaking
god your muhammad speaks only to himself when god reveals his message to
muhammad he remembers every word then he tells it to those who can write this is
the quran muhammad has starved himself into dreams he hides under a blanket with
his eyes shut his eyes are shut but his heart is open you kick him for his
cleverness there is no purpose in that doesn t muhammad realize we live by
giving housing to the gods we own the kaaba every year the tribes of arabia come
here to mecca to pray and to buy from us now were we to replace 300 gods with
just one whom we cannot even see who is supposed to be in taif and medina here
in my house in jerusalem on the moon where would mecca be then the gods are both
our worship and our revenue you cannot buy and sell god young man you are close
to the whip ammar be sensible boy i have a question muhammad teaches you a slave
is equal to his master this black bilal who i paid money for equal to me yes
muhammad says before god all men are as equal as the teeth of a comb this is a
very pleasant idea to slaves and beggars it gives them pretensions bilal teach
this man the difference between the lord of mecca and a slave take that whip
lash his face to teach his mouth a lesson whip him whip him cut him whip him do
it bilal obey them they will kill you see what anarchy they bring they ve even
infected our slaves if you re human enough to have gods remember they are the
gods of your owner i bought your humanity bilal when i bought you you will be
corrected one one god there is only one god who is stronger now your master or
this one god of yours one god there is only one god bring the stones one god one
one god crush him break him have you finished with him there is only one god one
god you could swear the slave was preaching one god lord umaya abu bakr will pay
a dinars for this slave wait now it s against our social order to sell a slave

during his correction the offer is to lord umaya 200 if the price of slaves is raised we shall have to bail ourselves next year take him he is no use to me anymore kill him or take him i m finished with him we are declaring ourselves god has told his messenger to declare islam to all men open the windows let the world hear we are coming out of the darkness hear well the word of god hear well the messenger of god there are no other gods but god and muhammad is his messenger there are no other gods but god and muhammad is his messenger we have come into light join us in the march to the kaaba god is most great god is most great god has no partner we have come into light join us in the march to the kaaba muhammad and his rebellion called islam are coming out to foul our gods and dethrone religion don t let them reach the kaaba throw them back defend your gods there is no god but god and muhammad is the messenger of god there is no god but god and muhammad is the messenger of god there is no god but god and muhammad is the messenger of god protect the prophet there is no god but god and muhammad is the messenger of god guards god is great this is blasphemy you idiot god is great god is great god is great there is no god but god and muhammad is the messenger of god now s the time to break them there are only 30 of them no we ve done enough more will only create sympathy for them god is great stand down god is great god is great in the name of god most gracious most merciful say o you who reject faith i worship not what you worship keep him out of the kaaba i worship not what you worship keep him out of the kaaba lead them out neither do you worship what i worship lead them out neither do you worship what i worship silence you re a false prophet neither do you worship what i worship silence you re a false prophet finish muhammad protect the prophet finish muhammad protect the prophet messenger of god back to the corner hamza hamza you are brave he is the bravest man in the desert when he meets unarmed men muhammad is is a liar liar if you don t let him speak where s the lie and where s the truth when it hasn t been spoken yet muhammad is a fraud stand up hit me back if you dare i affirm my nephew s religion and i say what he says whoever has the courage to fight fight with me muhammad when i hunt the desert at night i know god is not kept in a house who would have thought that hamza hamza above all with his wine drinking lion hunting would come to join muhammad the more we attack him more they seem to join him where does he find his words i don t know how can an illiterate man go up on a mountain and come down three days later blazing with poetry if it were just poetry he says it s god how do we fight someone whose strength we do not understand muhammad promises heaven trees in the skies so naturally he s found an audience then we must make that audience less eager to listen to him we will begin with the weaker ones your turn have mercy stretch her who is your god answer me say it say hubal is your god say it there is only one god and muhammad is the messenger of god oh my god ammar your father and mother are the first martyrs of islam you are promised paradise how much are you men prepared to suffer the prophet has said we must leave mecca if you stay they will kill you one by one muhammad says that in abyssinia there is a christian king no man is wronged in his country we must leave now today uthman god be praised let us go we found their tracks and followed them but they just disappeared they were there in the desert under the vultures and you let them escape you escape they vanished if muhammad has stayed then only the weakest have gone weak or strong they ll blacken our name we re honest merchants we buy

and sell in good faith we cannot afford scandal abyssinia amr you are a friend of annajashi the king yes can you use that friendship i think i can bring them back yes abyssinia rise up amr please nothing you may ask for that we will not give lion of judah i i don t know where to begin you have our friendship begin there certain runaway slaves have escaped from us into your kingdom slaves go back as you no doubt would returned our slaves to us there are however some free men among them rebels rebels disturbance in arabia why am i not informed they are rebels in religion at one time or another all religions were rebellions the bodies of slaves of the world and beaten are disposal but as jesus christ as our shepherd the souls of men are his sheep these are arabs who have betrayed the religion of their fathers they follow a lunatic they call a prophet but i cannot put souls into chains without hearing them good they re stiff next we ll hang them do you not bow to yourself before your prophet muhammad is a man we kneel only to god where are muhammad s miracles jafar if he were a prophet he d light the sky with miracles indeed this is true god has given his prophets the signs of miracles that we may recognize them the miracle of muhammad is the holy quran a book a book written by an illiterate attributed to god i think the emperor has had enough i m mindful of petty costs when god set down tongues of fire upon the heads of christ s apostles so they could speak the many languages of the world that they knew not before but do such miracles happen in our times i ve heard enough you ve made a poor case when we suffered persecution in mecca muhammad told us go to abyssinia the land of the righteous king where no man is wronged what they call persecution was fair punishment that is order now why did your prophet send you to me because you believe in the book of the one god as we do he sent us because in your heart god will protect us talking with him is like drawing water from a mirage but they ve now belay that duty on me to listen to them my friend go on for years we worshiped wood and stone images of our own manufacture we lived in ignorance of god we had few earthly laws and no heavenly laws the rich neglect the poor and the natural pity of man whereby he lifts his brother up when he has fallen is described by them as upsetting social order to this inhumanity has come a man whom god chose and in that we believe you ve overcome i beg you to collect yourself i speak of the messenger of god muhammad teaches us to worship one god to speak truth to love our neighbors as ourselves to give charity even a smile can be charity to protect women from misuse to shelter orphans and to turn away from gods of wood and stone i cannot keep still and hear this blasphemy we are an ancient civilization to call our gods wood and stone is to speak ignorantly of them the idol the form is not what we worship but the spirit that resides within the form i agree that idolatry is not always fully understood thank you now let me bring him back to the women god made woman to be the proper companion of man she is different but equal equal we buy them feed them clothe them use them discard them women equal to us god created man from one male and one female amr you must respect in all woman the womb that bore you why are your guards so tongue tied while this only guard is eloquent god has spoken to us before through abraham noah moses and through jesus christ why should we be so surprised that god speaks to us now through muhammad who taught you those names they are named in the quran i knew muhammad when he was an orphan minding sheep and we knew christ as a carpenter what christ says and what your muhammad says is like two raised from the same land they are lying to

you they deny christ you worship three gods they say father son and holy ghost they say what do you say of christ they say god cannot have a son christ is not the son of god speak to me of christ we say of christ what our prophet has taught us that god cast his holy spirit into the womb of a virgin named mary and that she conceived christ the apostle of god the apostle he says not the son not the son what does your miracle your quran say of the birth of our dear lord jesus christ may i relate the words come closer to me in the name of god most gracious most merciful relate in the book the story of mary how she withdrew from her family to a place in the east how we sent to her our angel gabriel who said i am a messenger from your god to announce the birth of a holy son to you she said how shall i mary have a son when no man has touched me and gabriel replied for your lord says it will happen we appoint him as a sign onto man and a mercy from us it is a thing ordained the difference between us and you is not bigger than this line not for a mountain of gold will i give them up to you you may live in abyssinia in peace for as long as you wish may god s blessings be upon you when you return lntolerable mohamed disturbs even our foreign alliances very well we will make a foreigner of him abu talib has his arms around him very well we will throw uncle and nephew out in one bundle his whole family out we will expel them from ourselves no merchant may trade with them no land remain to them no roof shelter them no beggar beg for them no woman marry them until they renounce they can t these were the worst years of muhammad s life for three years they suffered the hunger thirst cruelty of the open desert but the year of grief was still to come when khadija muhammad s wife for 24 years died when abu talib his old protector died with his last breath abu talib tried again to reconcile mecca and muhammad he never asked more from you than one word one one god if it were only a question of one word we would have given him ten words but the word he wants would dethrone all the gods you were afraid even to hear him with the death of his uncle muhammad has now lost all protection he was no longer safe in mecca alone with zaid his adopted son he went to the hillside town of taif he asked to be taken in to be allowed to preach but the children of taif were turned loose to stone him back into the desert what are you doing stop stop leave him alone go away muhammad called this the bitterest day of his life then miraculously when muhammad s mission seemed to have failed his entire situation changed a deputation from the rich but self destroying city of medina met him by night at the rocks of aqaba asking him to come to them to stand between their factions to mediate their continual quarrels and civil wars muhammad agreed provided they gave him a pledge that they worship the one god only wait when we take this pledge we expel ourselves from the rest of arabia so wait war is in this pledge we are to make enemies of brothers we are to make firewood of our gods that is the meaning of the pledge if we take it there can be no turning back for muhammad is indeed the messenger of god foretold to us by the jews in our city so if anyone has doubt in this pledge go now and if you have no doubts then you do as i do i pledge myself to the one and only god and to you muhammad the messenger of god he is of us and we are of him let him bring his followers our brothers to us to medina sync corrections by pocong ltti this was a journey that changed the world the hijra or flight to medina only 70 people split up into small groups walking 250 miles of desert yet so profound were the consequences so lasting were the effects of this walk that from it the

like me to give you what can you give me the slave of my slaves no your eminence
not this time look at me i can stand you said you were going to pray for me
allah answered your prayers he answered your prayers thank you it is the least
that i can do the situation has become critical patriarch loves him and the
people of egypt love him too we have to find a way our lives are at stake don t
you think you are being a little dramatic no we cannot take the risk of him
becoming a patriarch he s not fit for the position he would give every cent away
to native arabs and beggars there would be nothing left maybe he is good hearted
and all that but definitely crazy a fanatic i would say i m not even sure about
his good heart he s a fake remember he said thank you response at the banquet
what thank you response this thank you response oh your eminence we only want
you to become our next patriarch we only want you your eminence oh thank you
thank you thank thank god you re not an actor he consorts with harlots on the
streets the patriarch would certainly not like that metropolitan nektarios is
the patriarch s spiritual child his creation we need something more substantial
to convince the patriarch to turn on him this is not going to be easy things are
much easier than what you are making it out to be patriarch sophronius was a
patriarch of constantinople before he became the patriarch of alexandria he was
kicked out after three years because of uh some kind of unrest he claims that uh
he was betrayed by one of his men closest to him he s scared to death of losing
his seat again he will not take any chances when it comes to it are you talking
about my son nektarios is that who you are saying is plotting against me i m
sorry your holiness but it s him we re talking about i know it is hard for you
to believe that he can be a judas but it s true your holiness it is not hard for
me to believe that this flesh is filth judas your holiness we strongly recommend
that you don t see or speak to him again i need to be alone we are trying to
protect you your holiness get out all of you out it s beautiful isn t it it is
thanks to you thanks to god minas forgive me your eminence but you know what i
think about that you must have faith with all the injustice and poverty it is

hard to have faith you re right it s a lot of injustice and suffering but that is exactly why i believe that our life here is not all there is i have some faith because of you father is it true they release you from your duties we will not allow this they have no right to do things without asking us shame on them please let s stay calm i m sure things will be resolved don t worry your eminence we have more influence with the government of egypt than they do we are financially supporting the patriarchate if they don t give us a proper answer why they removed you we will demand patriarch sophronius to be removed and place you in his position i need to speak to the patriarch first he brought me to egypt and ordained me a metropolitan i am sure he will see me please don t worry what s going we ll support you i know his holiness is here i would like to see him please he s here but he is extremely ill i must see him can i help you your eminence i need to speak to patriarch sophronius please his holiness does not wish to see you i don t believe that what is there not to believe you have received an official letter from him have you not the letter doesn t mention the nature of my crime i was sentenced without a trial without the chance to defend myself i deserve to know why for what reason for reasons known to us go go go go we want our priest your eminence from the patriarch thank you please stay it s not a good news is it no what do they want from you now they want me to leave egypt this is why i doubt god don t ever doubt god minas the patriarch don t believe in him please don t say such things they want you to leave egypt because they are afraid there will be an uproar people will demand from the government they don t want anything like that to happen is that clear but why your eminence i m not going to do anything to hurt my father sophronius your father after what he did to you i can t go against him i need to leave very soon and quietly no unrest minas keep your faith minas thank you your eminence your decision to leave egypt has left us deeply saddened and very emotional we consider your removal to be an irreparable loss the church of alexandria is being deprived on one of the truly distinguished hierarchs we are greatly distressed over your departure because we feel an emptiness in our hearts and consider the deprivation of you to be a great moral loss we kindly ask you not to exclude us from your prayers but to remember us your friends who love you and long to be with you mrs filanthi please come in good morning mr laskaridis sent me do you need anything no we don t need your services lord have mercy on the poor the orphans the widows those in sickness and sorrow in prisons have mercy on them that hate me and wrong me and let them not perish because of me a sinner your eminence the archbishop sends his regards and he s very sorry that he had to cancel your meeting he s just swamped with so many unexpected occurrences if he doesn t want to see me it s all right just tell me the truth i d rather hear the truth can i sit next to you it s hard to be hungry and destitute and there s nothing one can do but there is something in the midst of this hopelessness when the lord becomes your only hope it s then that one can feel his presence i have been blessed lately to participate in your suffering my brother you re different than they are they don t seem to care about me they don t seem to care about me either but the good news is god loves us don t ever forget that please take these i have another pair at home what have i done i must have done something why didn t he want to see me what did they tell him he must be thinking that i betrayed him i can t bear to think that please lord give me a chance to speak to

him how are you holding up my brother i do panikh das and funerals thanks to people like you but it is not enough i don t understand why the synod does not give me a diocese here in greece because they keep slandering you from egypt they keep sending letters most of them are anonymous i left why don t they leave me alone if they grant you a dioceses here in athens you will become eligible to replace the patriarch but i don t want to replace the patriarch they don t know that and they certainly don t want to be exposed so they will never stop prosecuting me i will leave and go to a monastery you can t do that you have a gift my brother people listen to you in these difficult times greece needs you what do you suppose i do then i can t even get a position of a preacher anywhere there are bishops and priests like myself that know that you are innocent and we will continue fighting for you in the synod in the meantime go and see the minister of religion and education he has the power to appoint you as a preacher sorry your eminence just one of those days when everything goes wrong how may i help you i am nektarios metropolitan of pentapolis i have been in athens now for a year without means to support myself i kindly ask you to appoint me as a preacher wherever you wish i am willing to work for food and a place to stay these are my documents and this is a letter of recommendation from the holy synod you re more than qualified to be a preacher your eminence but there is one problem you are not a greek citizen pardon me you were born in silivri that is no longer greece it is turkey now so now i m not i m not greek what am i then could you help me and tell me what i am if i m not greek forgive me for coming here and wasting your time you seem to be the real deal no wonder they don t like it who are they you know who they are otherwise with all your credentials you wouldn t be here asking me to get you a position in the church there is a place that no one wants to go to it s from the island of evia would you be willing to get a position there of course i would you re hired thank you from the bottom of my heart i promise that you will not regret it good morning good morning my dear brothers and sisters in christ blessed is the person who has a clear conscience pharisee how misled are those who seek their happiness outside of themselves far away from their own selves did you come here to steal our money too shame on you in riches in pleasures in glory shame on you and in all vanities all of which end in bitterness please please help me lord what do you want me to do should i leave i don t know what to do please give me the strength to do what is right what is your will so that the genuineness of your faith more precious than gold tested by fire and glory and honor and the revelation of jesus christ without having seen him you doubt believe in him your eminence they are persecuting you from athens god bless them glory to god for your success in the land of egypt and for your willingness to support our church in times like these our church desperately needs people like you we know that you re supporting the greek patriarchate of alexandria and we re grateful that you responded to our need and came to visit us may god reward you greatly it s a true pleasure gentlemen having you here who would like to start forgive me for interrupting um but before we start the conversation we would like to know where holy metropolitan nektarios is uh wasn t he condemned a and expelled by the patriarch sophronius shame on everyone who condemned him including patriarch sophronius where is he i don t think he s in athens where is he i believe that he took the position of a preacher in evia of a preacher what s going on i m

sorry but we were informed about him by the representatives of your patriarchate we want our metropolitan nektarios to come back to us as our next patriarch before we proceed with any business we would like you to make clear to everyone that metropolitan nektarios is holy and just and that he was slandered we will do that let s send an urgent cable to the dioceses in evia mm hmm now elder daniel why are you walking ahead of the holy bishop nektarios he who is already included in our church s holy hierarchs keep your mind in hell and despair not no monastery for you not yet we achieved this despite the obstacles from alexandria they still cannot forget about me ah forget about them you re the best possible person to guide our young men into priesthood dear father sophronius i have officially become appointed director of the prestigious ecclesiastical rizarios school deep in my heart i believe that this news will make you glad as you always believed in me since i didn t get a chance to see you please permit me to ask in writing for your forgiveness for whatever offense i might have done i ask you to find it in your heart to forgive me whatever it may be i pray that you are well and that god grants you many years and i hope to see you again permit me to ask gentlemen where are the students performing the church services in the church not far from here unfortunately one cannot perform services here due to the condition of the chapel something needs to be done about this obviously your eminence but the funds are simply not available we will have to find a way this is an ecclesiastical school permit me to correct you your eminence this is not only an ecclesiastical school it is a regular high school as well and our primary focus is to provide our students with an excellent education i understand but if we attend to the chapel and make this place look more appealing we will attract more students who will be able to get an excellent education of course i just can t see how we can achieve something like that like i said the funds are extremely limited as a new director i will do my best to help with that i m happy to use my salary and some of my skills and i m sure that god will provide for the rest i speak from personal experience when i say that god will provide well that sounds fantastic please excuse me your eminence let me show you to your office this is kostas he will be assisting you with anything you might need nice to meet you kostas my pleasure your eminence let let me take your things to your room thank you please make yourself comfortable we will be seeing you shortly thank you very much how long have you been here kostas i graduated last year are you thinking of becoming a priest probably not uh so uh i will let you settle in now your eminence uh whenever you need me i m here thank you he sure looks different than our last principal remember he used to make us pull weeds as a punishment i guess we won t have to do that anymore we might even get lucky and have some fun once in a while right i am here to become a priest oh i forgot from the jungle that you come from fun is forbidden what did you say what did you say forget it doesn t matter your eminence this is for you your eminence many letters from egypt you ask me to keep an eye on i understand why the people of egypt love you we had you here for a short time and you ve performed miracles i i read some of your writings yes a and i i am very moved which ones did you like um i i like i like everything that i have read i think your writings will help people i am glad to hear that i would like to have it printed and circulated oh please let me assist you with that i i know a very good printer um and i i could also submit your writings to

religious journals they need uh materials like this i would appreciate that very much what happened here he insulted me no he insulted me he called me a turk did you say that no yes you did you call us names all the time you stole the book what book the one that is in your bag he gave me that book and asked me to read it i haven t stolen anything you liar i think i have heard enough i have no other choice but to punish myself yourself your eminence yes myself i will punish myself with a hunger strike please i would like you to instruct the cook not to send me food for three days are we clear yes your eminence go and please make amends with one another otherwise i will continue my punishment for a longer time jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner i heard you were looking for me why are the students being punished without my knowledge because we feel that you don t exercise enough authority i do implement punishments when i feel it is necessary a healthy balance between kindness and authority is best punishing yourself instead of the students when they misbehave is out of balance in my opinion it looks like your primary focus is to direct our students into priesthood not everyone is destined to become a priest we just came out of the dark ages 400 years of ottoman oppression and slavery education is vital for our development for the development of both clergy and laypeople i hope you understand that of course you are cultivating asceticism in our students and we all know that asceticism is a thing of the past it s dark age material i believe that you have a distorted view of what asceticism is mr president no i have a perfect view of what asceticism is it is a radical approach to religion it s long and long beards and painting this holy image outwardly of course a true ascetic does not worry about the outwardly appearance at all his main focus is to correct himself inwardly so he can get closer to god he s in effect a true christian are you a true christian i try to be your appointment at this school has not been filed with proper papers and the talk at the ministry says that you were expelled from egypt for moral reasons i was slandered of course you were did you request background check on me no your eminence we only asked for information in an official capacity so the patriarchal trust is bluntly informed the civil representative of the greek government that i was removed from my position because i was rebellious unethical and immoral mr riparis finishes the letter clearly stating that he believes you re a perfect cleric who was unjustly slandered but slander keeps following me doesn t it where are my accusers where are the witnesses where is the evidence of my crime on what grounds after four years of my unjust departure from egypt was this official accusation of me made an accusation that condemns me to immoral death what great wrong did i do against you your holiness why is there such a great wrath and pursuit against me seeking my total destruction the purpose of my outdated protest is to bring you to the knowledge of your holiness that your every rough against me is unjust may god be my witness and judge vassili leave the garden for me you mop the whole school already you need to rest i love this garden your eminence it makes this place look so beautiful if you continue doing my gardening i might have to take up some of your cleaning oh no don t even joke about that your eminence it is beneath you to clean toilets

honest and hard work is not beneath anyone let s go and have some coffee you want to have coffee with me yes vassili i want to have coffee with you leave that here come on let s go i had to call this meeting gentlemen as a medical emergency concerning our student nicholas he has had fever for over two weeks his condition looks critical and even after doctors treatments it is not getting any better nor do the doctors have any idea what is wrong with him his illness seems to be of a mental nature therefore i suggest we transfer him to the sanatorium we need to inform his guardian right away we cannot do such a thing he needs to go to the hospital to be properly treated and diagnosed which is right across the street not some sanatorium far away from here after all he does have a fever he is here on a minimum tuition i doubt he can afford additional treatment of any kind we should pay for it it s the least that we can do for the child who has been studying here so diligently we can t bear such an expense your eminence he s here on a partial scholarship i think we already did more than doing the least we should inform his guardian immediately of our decision i will pay for it myself we ran all possible tests we don t know what s going on his health is falling apart i m sorry to say this but we re expecting the worst by tomorrow what is going on my son you are holding something heavy inside of you whatever it is know that god loves you and wants you to do great things god has forgotten about me why do you say that i studied hard so that i could come here and and help my father and my sisters but it was all for nothing my father has has killed himself and my step mother sent my sisters into servitude so you see god wants me to die let s see about that here kostas inform our students that we are going to do an all night prayer for the healing of nicholas father father nicholas woke up he asked for food god heard your prayers your eminence god heard our prayers look how beautiful they are justice and truth compel us to not only endorse the metropolitan of pentapolis but to affirm that his candidacy is among the strongest because he s one of the most distinguished well educated and irreproachable bishops that the eastern orthodox church has to offer kostas i read it i know you did i just need to point out what the most respected religious journalists think about you his character is such that if someone other than himself is chosen for the patriarchal throne he would be most pleased i d like to remain most pleased father do not say such things they wilt you i hope uh you are not avoiding your heavenly call to duty i am not avoiding anything and especially not the heavenly things i just prefer the simple people it seems that your time has come don t forget the ones who did not side with the slanderers we are praying you re elected justice will prevail this time your silence used to cut like a knife one word from you would have soothed my pain even a lie or a courtesy but nothing like i meant nothing to you at all did you really believe that i was a fraud that i wanted your seat or has the fear of losing your position blinded you to such an extent you used to call me your son remember i loved you like my father but some other things were more important to you than your son my beloved father sophronius justice will prevail today i will not be elected a patriarch thank you father how can you be happy you you should have been the patriarch and you know it everyone knows that let god s will be done kostas you are meant to do great things you don t have to be patriarch to do great things your eminence i need to talk to you your articles and your books are so full of wisdom and truth and what s more important people listen to what

you have to say you know we have a serious problem with heretics in our city would you be able to write something to encourage people to stay with the orthodox tradition it would be my pleasure your eminence i need your help with this please can you make an effort to clear your status pardon me you need to clear your status with egypt they need to give you a dioceses i have done everything that i could to resolve my situation in egypt perhaps you could help me first you need to resolve the matter with the patriarchy of egypt you are considered a traveling hierarch because of your status meaning not a greek citizen i am still not considered greek you re a holy man your grace forgive me for bothering you you are not bothering me it is so good to be here there is so much light in your presence i mean not like anyone else would see it your eminence i lost my eyesight due to illness when i was very little my parents had to make a choice to let me get a certain vaccine and become blind or to let me die thank god they chose to let me live life is so beautiful your eminence i have been so fortunate and also to meet you and get your blessing what is your name xenia xenia thank you very much for your kind words thank you your eminence forgive me if i am being bold but is there any way i can speak to you again a few of my friends and i would like to become nuns could you help guide us it would be my pleasure to help you please come and see me at my office jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner so please tell me when did this idea about becoming nuns come about we have talked about it for a long time and we have all decided that we really want to do that your desire is indeed beautiful but are you aware that by becoming a nun you re accepting poverty and a very difficult life we are aware of it our life has not been easy we all grew up as orphans in extreme poverty hardships don t scare us as long as we can stay together only a few are chosen to take this path you must be truly ready and willing to go through it until the end we are your eminence is there a place where you would like to go have you visited any monasteries we visited quite a few but it s hard to find a place that will take all of us and we want to remain together so the best option would be to find a place where we can establish the convent thank you your eminence we will start searching immediately whose land is', 'of mirze as your husband i do whoo hoo mm all right all right and you piroz son of mirze i do i do you do then in the name of the almighty i now pronounce you husband and wife hogir yeah can i recite the al fatiha hatun huh sefure what is the al fatiha all right yeah it s a prayer why not yeah it s a prayer so do it um all right then the al fatiha all praise is for allah lord of all worlds the most compassionate most merciful master of the day of judgment you alone we worship and you alone we ask for help guide us along the straight path the path of those you have blessed not of those you are displeased with or of those who are astray amen piroz god bless you kids whoa look at that aah this is so pretty almost like a pearl very pretty master very pretty look you will only find one better inside a king s mouth hey ey ey ey you re really good at this hogir master you ve become a greater master yeah master tell you what now you re gonna leave here right and people in your circle are gonna see this and since it was a little lady s wish maybe the missus would like something too hey who s that girl over there her um she s fahri s daughter

next day or two i ll need to take everything into account so it would be wise not to have any more half naked girls parading themselves when i visit that was my si how do you rules reputations that is all they care about if they don t wanna change then maybe i don t wanna be there anyway drink have you been listening it s a job will and sometimes jobs have rules that you don t agree with trust me i know there s a call a woman saying her husband attacked her where what a domestic send larry she asked for you specifically nice place so was mine from the outside sorry i ll be with you in a minute rita daltrey sorry sir i m just the maid is mrs daltrey all right no no no no dorie you need to ask me to disable it before you open the door mr daltrey poli apologies gentlemen um i just need to telephone your station it s connected directly dorie where s rita ah hello uh yes this is gene daltrey no false alarm i m afraid thank you rita what s happening here uh she uh tripped on the stairs hit her face on the banister is it bad i m still beautiful aren t i of course you are you re my sunny girl you always will be ah that ll be the doctor get that will you dorie mrs daltrey can you tell us in your own words how you received that injury it s as gene said but you told the operator you were being attacked must have been the bump on the head and possibly the gin and tonics thank you dorie oh not again i m sorry doctor so you re a singer yes the best in clubland the magic s in the production that s where my husband s talents are doctor do rita s injuries look consistent with a fall or something else perhaps a strike with a fist wh wh now hang on well it s a large bruise even contact so more likely a banister uh yes i d say so yes inspector uh vicar i understand how this looks and i appreciate your concern but please be assured it was an accident take these and rest we can t just leave her in there just give it a sec inspector your hat what really happened i didn t see nothing sir madam asked me to give you this what is it it s johnny s business card thanks for ringing this is exactly why i told her to ask for you how long s it been going on for will listen i appreciate your interest but rita s a client so i think it s better if i speak to geordie in private i know situations like this oh don t worry we ll nail the bastard i wish i could share your optimism been trying to nail gene daltrey for years there s not much i can do johnny if rita won t talk i ve been looking after her since she was singing in pubs beautiful voice but if she used it to speak out against him what would he get slap on the wrist at best so so she wants to get away she wants to leave him but she s scared he s got this alarm yeah we heard it it s got nothing to do with burglars it s all about keeping her in it s on a timer connected directly to here and if you could if you could find out what time goes on and off i could help her escape what he s got her trapped drunk drugged up until he needs another record why can t she give you the timings herself because she doesn t know em he changes them and then he won t tell her at least when we were prisoners we had each other geordie johnny afang soup it s full of vitamins or mutton pie full of gravy i m not hungry thanks what s this about you being thrown out the conference you just can t help yourself can you i told you not to use that line about private parts i think it has less to do with my speech than someone telling the bishop about tamara being here well wasn t me he s coming here in the next few days he wants me to reconsider my position it wasn t my intention to get anyone in trouble of course not judas iscariot morning let s arrest rita daltrey the rules are

ridiculous so we may make them work for us arrest her for what making a false complaint at least then we can get her alone think we can move on from that case will there s a call from the same house as yesterday the maid s hysterical someone broke in last night they shot mr gene i woke up i came downstairs and found sir like this i woke madam and then telephoned doctor harvey i thought maybe he could be saved sadly not he s been dead for a few hours now but you didn t hear the gunshot no sir could ve used a silencer mrs daltrey rita i never really woke up from the pills harvey gave me last night you didn t hear the alarm either that started when i arrived so the intruder must ve got in before the alarm was put on last night what time did you go to bed dorie early around nine so between nine and when the alarm was put on which we can get from the station right boss uh right if there was an intruder of course there was it s a robbery weren t it daltrey s walked in on em well that s what it looks like what are you getting at vicar i m just saying that we should explore all possibilities at this stage that s what the inspector usually says geordie uh larry have a look around check all the access points your broken locks latches and maybe we should continue this conversation with mrs daltrey down at the police station it must be very difficult for her here with your solicitor present of course rita calls us yesterday because gene is attacking her and today he turns up dead that is some coincidence let s not jump to any conclusions hey i don t blame her we didn t help how s she doing well her husband s just been murdered how d you think any idea who did it well it looks like a burglary but uh thanks will she s johnny s client as you know i m sure they ll want some privacy actually it might be better to have a man of the cloth present now she s just lost her husband as you said she in here as i understand my client has outlined her movements last night and the sad discovery of her husband this morning and you ve invited her here to give a a further witness statement to the best of her knowledge yeah that s right yeah we re trying to establish exactly what happened to gene daltrey i told you i was asleep rita i can imagine you re experiencing some quite conflicting emotions primarily shock and anguish as anyone would feel having lost their spouse in such a violent and unexpected way of course but in light of your call to the police yesterday i don t see how that s relevant well um if mr daltrey did attack mrs daltrey i could fully understand if vicar are you saying that my client is now a suspect rather than a witness and didn t the call yesterday transpire to be nothing more than an accident you said yourself that rita had been a victim of abuse at the hands of mr daltrey that was off the record and not relevant to this case you said it was a burglary no i said it looked like a burglary then surely that is the angle you should be pursuing instead of making baseless allegations against a grieving widow gentlemen please my husband and i had our ups and downs like all couples i m sure and sometimes i wish i had fought back but the truth is i was never strong enough rita did you see that hmm she s a long time client the way he tried to railroad me so what look uh take rita home i ll talk to johnny sorry about that will but it s my job to protect my client isn t that right may i offer you a lift home yeah thank you my office now i m sorry you say you re sorry what the hell happened he just jumped out on me i got in through the back door i made it to the living room and there he was swinging at me like a madman so you shot him i had no choice you took a gun with you just just in case my old

service revolver i didn t mean to do it it just happened it just happened what do you mean it just happened you got a drink hmm you got a drink top drawer didn t know what to do erm so i pulled out some drawers took a few trinkets to make it look like a robbery just to give us a get out us gene daltrey deserved everything he got what about rita she see you i didn t even make it as far as her before he jumped out on me she didn t know i was coming last night all right she would never have been able to keep it from him and you re sure she s just a client that s not why i did it christ you saw what he did to her i would ve wanted to help her regardless and so would you and you did we did you all right it s gonna feel different without him madam how are you would you get me a stiff drink please dorie i don t think that s a good idea rita you ve had a big shock to the system but i need something well i can help with that thank you vicar dorie might i have a quick word can we get these tested for what for sedatives i took samples of drinks from the daltrey house you what what if that s why rita and dorie were so tired last night because they were drugged by who the doctor we know he was giving this to rita and he knew about the alarm larry thanks will yeah that s good work yeah you er get anything out of johnny no look i know he is your friend and i m sorry if i ever fancy a drink i can t i should be getting on with this hello empire builder how was the trip fine except for the calluses on my back on my hip will did you see mrs chapman s note about the bishop coming tomorrow i guessed from the smell of polish i i wanted to apologise the bishop asked me to report back about the vicarage and i couldn t exactly lie could i clearly not you may have the luxury of bending the rules but i ve always been held to a higher standard including by myself so for that i can t apologise well maybe my luck s run out now too probably fair enough paul and silas were praying and singing hymns to god and the prisoners were listening to them and suddenly there was a great earthquake so that the foundations of the prison was shaken and immediately all the doors opened and everyone s fetters were unfastened finch a word if you please bible group seems to be going well it s wonderful inspiring well it s not your concern anymore oh you ve found a new chaplain no but the prison board in their infinite wisdom have decided to reduce your sentence in the light of your help exposing the reverend mr byatt you must be delighted i am morning is uh is geordie in not yet larry have you got those test results back yet oh boss changed his mind said not to bother with em d you think geordie s been himself recently when was the last time he was late for work or didn t follow up leads will the other day when mrs daltrey s solicitor was here johnny inspector keating showed him these the daltrey alarm codes are we having a party no henry jones is henry i didn t think he had it in him neither does he he s had the nerve to be telling tales about will and now the bishop s coming to see us she knelt before him obscenity let s see what the bishop says when he sees what henry s been up to drinking smoking dirty books sylvia i know you re missing leonard but you can t frame henry i ve already lost my leonard i m not losing will too excuse me uh you re not supposed to be sleeping here oh good morning inspector didn t expect to find you here yeah that makes two of us is everything all right i know i m new to this but that s what i m here for curate to care all cure from the latin curatus is it work maybe marital strife i m fine thank you henry i ll leave you to it then shall i maybe i should find will for you wasn t with you then last night either i wouldn t worry he s uh probably

just with johnny well that is what i m worried about why are you worried if i
have to answer that you re not as good a vicar as i thought you were you re the
one who came here so something is up you tell me i m just concerned he s making
mistakes at work cause that s the most important thing what does that mean you
saw the state of him on our anniversary you didn t come around here then did you
i m sorry something happened i shouldn t be telling you this you re his friend i
don t feel much like it at the moment cathy just a lover s tiff that s what my
mother used to say well he didn t hit me he never has but he wanted to you don t
ever raise your hands at cathy never touched her you shouldn t even come close
what do you want to hit me now go on then fine i deserve it get off me i m not
your father no you re not i expected better from you well that s your fault not
mine i know you gave johnny the alarm timings did you know he was gonna kill
daltrey of course not it was self defence but he s seeing rita let go it makes
no difference you saw the state of her you want to be angry with me you should
be pleased daltrey s dead that is not our decision to make whose is it his it s
the laws like it was with leonard you said yourself rules laws nonsense no the
law is who you are you have no idea who i am i know i will never understand what
you and johnny went through but what is it you owe him geordie what s this it s
a list of the men that died in our time at the prison of war camp it was the
last man s job to tell the families what had happened to their boys i was the
last man by the end of the war they knew they were losing the guards would take
one of us out every couple of days it started with the sick those who couldn t
work and they shot him say food not that we got much keep the rest of us on our
toes but by the end we were all broken so there was no order rhyme nor reason
they just picked someone until there was only two of us left you and johnny that
last night i said i hope they pick me he said the same but when i rolled over to
sleep that night you know what i did i prayed they d pick johnny instead of me
can you imagine praying for your friend to die geordie and then in the morning
he was gone and then there was a shot and then another and another the yanks had
armed up the burmese and they liberated the camp when we got home i lost him
after demob on purpose and i never saw him again until he turned up here you
both survived well it doesn t matter i prayed for him to die i begged for it
that s who i am i know it god knows it now no god heard your prayer for what it
was fear desperation you didn t pray for johnny to die you prayed to live look
what you ve built cathy the kids your job and you cannot throw that away not for
anything i ll come with you we can talk to him together no whatever happens it s
between me and johnny there he is daniel told me you didn t want to be seen with
him very wise we don t want you going straight back in do we no he also told me
that you felt you were lacking purpose well look no further it s sylvia she
needs you or rather henry does the new curate she s taken against him whatever
for he s too tidy too competent too perfect he s just not you you have to talk
to her leonard she won t listen to anyone else there s some chocolate for you

muhammad the messenger of god to heraclius the emperor of byzantium greetings to
him who is the follower of righteous guidance i bid you to hear the divine call
i am the messenger of god to the people accept islam for your salvation he
speaks of a new prophet in arabia was it like this when john the baptist came to
king herod out of the desert crying about salvation to muqawqis patriarch of
alexandria kisra emperor of persia muhammad calls you with the call of god
accept islam for your salvation embrace islam you come out of the desert
smelling of camel and goat to tell persia where he should kneel muhammad
messenger of god who gave him this authority god sent muhammad as a mercy to
mankind the scholars and historians of islam the university of al azhar in cairo
the high islamic congress of the shiat in lebanon the makers of this film honour
the islamic tradition which holds that the impersonation of the prophet offends
against the spirituality of his message therefore the person of mohammad will
not be shown 600 years after christ died when europe was sunk in the dark ages
and everywhere the old civilizations were falling muhammad was born in mecca in
arabia mecca was then a rich trading city ruled by its merchants whose wealth
was multiplied by a unique privilege they housed the gods every year at the time
of the great fair the desert priests brought their idols and the images of their
gods into the custody of the kaaba once the most holy shrine of abraham the
kaaba had now become a house of idolotry hosting no fewer than 360 different
gods mecca in 610 a d bilal have you had today s count umaya not yet but this
year the gods are gold when you put the gods and prophet together you sit very
pretty between hmm and more gods to place in the kaaba caravan from syria hmm
they must have been running they ll be thirsty put five more men on north wells
how many sheep shall i have to kill for them 70 give them a hundred mecca must
keep her name for hospitality and ten lambs for the leaders bread and water do
the poets have in the hakim s house where verse and prose are nightly put to
slaughter and and the bread i swear in there is thinner than the water oh open
the space open the space you lovers of poetry to abu sufian willing and which
patron of the arts when abu sofyan invites the poet in their joy is kit and love
is kin where wines and cakes abound the skills of abu sofyan all revels and all
songs begin when abu sofyan invites the poet in from the silkworms of china my
lady a pleasure to the limb and as my lady can see a ravish to the eye yes 7
lengths 20 dinars abu sofyan s wife 15 oh gold the gods of the kaaba have their
needs their upkeeps who is that man who stood there who looked into my soul
carry me away from here why must muhammad come down here why don t you stop him

he is your nephew maybe he will change change he is 40 years old it s unnatural with a rich wife he could afford the best of mecca yet he chooses to sit shivering in a cave it is unnatural for a man who dares to risk the anger of al uzza who keeps our health manat the god of our prosperity allat the god of our family and tribes and hubal hubal who starts our caravans and predicts our fate to challenge the gods within earshot of the gods is dangerous unreasonable rebellious blasphemous yes i m afraid muhammad will harm himself i am always sad when the great fair is over i might not see the next one abu talib abu talib catch your breath zaid has muhammad come down from mount hira yet he s been up there three days no no i haven t seen him khadijah hoped he might have come to you on his way home then he s still up there three days i m afraid for him on the mountain because i don t know what it means men see the world too well from a mountain muhammad read in the name of thy lord who created man from his sensitive drop of blood who teaches man what he knows not read he s still trembling under the blanket but he has spoken zaid what happened to my nephew on the mountain he was alone in the cave suddenly an angel came in to him the angel said read muhammad replied i can not read the angel commanded again read in the name of thy lord who created man from his sensitive drop of blood who teaches man what he knows not read who knows if it was gabriel it could have been a dream when muhammad was coming from the mountain he saw gabriel plainly in the shape of a man standing on the horizon wherever he looked upon every turn of his head he saw him and gabriel said to him again i am gabriel and you muhammad are the messenger of god who has he told about this his wife and ali and his friend abu bakr and you i am his adopted son be careful to whom you talk tell him his uncle who protected him when he was a child will protect him still after all they say the god of moses spoke to him out of a burning bush if you do not restrain your nephew then we will he s dividing the city heart against house he s dividing the generations child against parent the young are listening to him he attracts the young we are arabs we obey our fathers our children cannot be our teachers how can we accept that the man we met in the street yesterday can be some god s prophet today dead bones can live again he says because he who created man can also make man return from the dead he says the gods might leave us and give their benefits to another city tell him we will give him authority position and keys to the kaaba and money what money he wants tell him we will give him anything he wants muhammad spare yourself and me do not put a greater burden on an old man that he can bear in your childhood you were in my arms i cannot now see you hurt if you refuse them they will hurt you he said this to me were they to put the sun in my right hand and the moon in my left i would not renounce my message which is from god when i am dead you may do as you please but whilst i m alive you will obey your father why did you hurt our father if i were drunk every day and played dice every night you d call it high spirits you will be more my brother than you are now you are all my children i ve given you everything i could but it seems not to be enough muhammad gives me more he give all the world more get him out of here father it s not waleed or me it s our father you tortured him wait hudayfa wait how can they say it s an invention musab when it isn t new in mecca it s new yet god has said it all before to noah moses jesus to all the prophets but people changed it turned it forgot it now

god said it to muhammad again and it is new again what is it it s jafar what have you brought with you the very word of god when the sun is overthrown when the stars fall when the mountains vanish when the camels big with young are abandoned when the wild beasts are herded together when the seas rise when the souls are sorted when the female infant who is buried alive asks for what crime she was killed when the books are opened when the sky is torn away then every soul will know what it has done were you there jafar when god gave him these words dawn is coming up ammar you first then you jaafar ammar you kept your mother awake all night with worry i m sorry father where were you have you been with muhammad again what will happen now forgive him it was my fault i did it that god has helped us all our lives but it fell it could not even help itself what talk have you been listening to the real god is unseen he s not made of clay ammar we see the gods in the kaaba every day i m afraid for you you re listening to people who will hurt you i m listening to muhammad mother muhammad is generous yes he gives he shares he ll pass no man without a smile but he is spreading dangerous ideas dangerous ideas that no man should start that the rich should not afloat the poor the strong should not oppress the weak are these dangerous ideas girls should not be forced into marriage but be able to choose or refuse by only tonight he said stop the burial of new born girls i was fortunate always fortunate with your mother yes but you know that you and i nearly never met yasser and you were nearly never born i was to be buried like my two sisters but my father couldn t do it he couldn t do it the third time when the second girl was being when my father was putting sand over her she took hold of his finger the way a baby does he told my mother afterwards that it was a minute before the tender little grip eased and he dared take away his hand when i was born my father ran out of the house screaming that he couldn t do it again that he could never do it again sumayyah it is the custom but it s wrong the gods that let such things be are no gods i promised to go to muhammad s house mama we pray there yes he is a good man yes yes you go two men are following him read muhammad can neither write nor read but he can speak what did you say he can speak well so can you so now you speak up young man what does muhammad say umm they are god s words not his which god s what words a speaking god your muhammad speaks only to himself when god reveals his message to muhammad he remembers every word then he tells it to those who can write this is the quran muhammad has starved himself into dreams he hides under a blanket with his eyes shut his eyes are shut but his heart is open you kick him for his cleverness there is no purpose in that doesn t muhammad realize we live by giving housing to the gods we own the kaaba every year the tribes of arabia come here to mecca to pray and to buy from us now were we to replace 300 gods with just one whom we cannot even see who is supposed to be in taif and medina here in my house in jerusalem on the moon where would mecca be then the gods are both our worship and our revenue you cannot buy and sell god young man you are close to the whip ammar be sensible boy i have a question muhammad teaches you a slave is equal to his master this black bilal who i paid money for equal to me yes muhammad says before god all men are as equal as the teeth of a comb this is a very pleasant idea to slaves and beggars it gives them pretensions bilal teach this man the difference between the lord of mecca and a slave take that whip

lash his face to teach his mouth a lesson whip him whip him cut him whip him do it bilal obey them they will kill you see what anarchy they bring they ve even infected our slaves if you re human enough to have gods remember they are the gods of your owner i bought your humanity bilal when i bought you you will be corrected one one god there is only one god who is stronger now your master or this one god of yours one god there is only one god bring the stones one god one one god crush him break him have you finished with him there is only one god one god you could swear the slave was preaching one god lord umaya abu bakr will pay a dinars for this slave wait now it s against our social order to sell a slave during his correction the offer is to lord umaya 200 if the price of slaves is raised we shall have to bail ourselves next year take him he is no use to me anymore kill him or take him i m finished with him we are declaring ourselves god has told his messenger to declare islam to all men open the windows let the world hear we are coming out of the darkness hear well the word of god hear well the messenger of god there are no other gods but god and muhammad is his messenger there are no other gods but god and muhammad is his messenger we have come into light join us in the march to the kaaba god is most great god is most great god has no partner we have come into light join us in the march to the kaaba muhammad and his rebellion called islam are coming out to foul our gods and dethrone religion don t let them reach the kaaba throw them back defend your gods there is no god but god and muhammad is the messenger of god there is no god but god and muhammad is the messenger of god there is no god but god and muhammad is the messenger of god protect the prophet there is no god but god and muhammad is the messenger of god guards god is great this is blasphemy you idiot god is great god is great god is great there is no god but god and muhammad is the messenger of god now s the time to break them there are only 30 of them no we ve done enough more will only create sympathy for them god is great stand down god is great god is great in the name of god most gracious most merciful say o you who reject faith i worship not what you worship keep him out of the kaaba i worship not what you worship keep him out of the kaaba lead them out neither do you worship what i worship lead them out neither do you worship what i worship silence you re a false prophet neither do you worship what i worship silence you re a false prophet finish muhammad protect the prophet finish muhammad protect the prophet messenger of god back to the corner hamza hamza you are brave he is the bravest man in the desert when he meets unarmed men muhammad is is a liar liar if you don t let him speak where s the lie and where s the truth when it hasn t been spoken yet muhammad is a fraud stand up hit me back if you dare i affirm my nephew s religion and i say what he says whoever has the courage to fight fight with me muhammad when i hunt the desert at night i know god is not kept in a house who would have thought that hamza hamza above all with his wine drinking lion hunting would come to join muhammad the more we attack him more they seem to join him where does he find his words i don t know how can an illiterate man go up on a mountain and come down three days later blazing with poetry if it were just poetry he says it s god how do we fight someone whose strength we do not understand muhammad promises heaven trees in the skies so naturally he s found an audience then we must make that audience less eager to listen to him we will begin with the weaker ones your turn have

mercy stretch her who is your god answer me say it say hubal is your god say it
there is only one god and muhammad is the messenger of god oh my god ammar your
father and mother are the first martyrs of islam you are promised paradise how
much are you men prepared to suffer the prophet has said we must leave mecca if
you stay they will kill you one by one muhammad says that in abyssinia there is
a christian king no man is wronged in his country we must leave now today uthman
god be praised let us go we found their tracks and followed them but they just
disappeared they were there in the desert under the vultures and you let them
escape you escape they vanished if muhammad has stayed then only the weakest
have gone weak or strong they ll blacken our name we re honest merchants we buy
and sell in good faith we cannot afford scandal abyssinia amr you are a friend
of annajashi the king yes can you use that friendship i think i can bring them
back yes abyssinia rise up amr please nothing you may ask for that we will not
give lion of judah i i don t know where to begin you have our friendship begin
there certain runaway slaves have escaped from us into your kingdom slaves go
back as you no doubt would returned our slaves to us there are however some free
men among them rebels rebels disturbance in arabia why am i not informed they
are rebels in religion at one time or another all religions were rebellions the
bodies of slaves of the world and beaten are disposal but as jesus christ as our
shepherd the souls of men are his sheep these are arabs who have betrayed the
religion of their fathers they follow a lunatic they call a prophet but i cannot
put souls into chains without hearing them good they re stiff next we ll hang
them do you not bow to yourself before your prophet muhammad is a man we kneel
only to god where are muhammad s miracles jafar if he were a prophet he d light
the sky with miracles indeed this is true god has given his prophets the signs
of miracles that we may recognize them the miracle of muhammad is the holy quran
a book a book written by an illiterate attributed to god i think the emperor has
had enough i m mindful of petty costs when god set down tongues of fire upon the
heads of christ s apostles so they could speak the many languages of the world
that they knew not before but do such miracles happen in our times i ve heard
enough you ve made a poor case when we suffered persecution in mecca muhammad
told us go to abyssinia the land of the righteous king where no man is wronged
what they call persecution was fair punishment that is order now why did your
prophet send you to me because you believe in the book of the one god as we do
he sent us because in your heart god will protect us talking with him is like
drawing water from a mirage but they ve now belay that duty on me to listen to
them my friend go on for years we worshiped wood and stone images of our own
manufacture we lived in ignorance of god we had few earthly laws and no heavenly
laws the rich neglect the poor and the natural pity of man whereby he lifts his
brother up when he has fallen is described by them as upsetting social order to
this inhumanity has come a man whom god chose and in that we believe you ve
overcome i beg you to collect yourself i speak of the messenger of god muhammad
teaches us to worship one god to speak truth to love our neighbors as ourselves
to give charity even a smile can be charity to protect women from misuse to
shelter orphans and to turn away from gods of wood and stone i cannot keep still
and hear this blasphemy we are an ancient civilization to call our gods wood and
stone is to speak ignorantly of them the idol the form is not what we worship

but the spirit that resides within the form i agree that idolatry is not always
fully understood thank you now let me bring him back to the women god made woman
to be the proper companion of man she is different but equal equal we buy them
feed them clothe them use them discard them women equal to us god created man
from one male and one female amr you must respect in all woman the womb that
bore you why are your guards so tongue tied while this only guard is eloquent
god has spoken to us before through abraham noah moses and through jesus christ
why should we be so surprised that god speaks to us now through muhammad who
taught you those names they are named in the quran i knew muhammad when he was
an orphan minding sheep and we knew christ as a carpenter what christ says and
what your muhammad says is like two raised from the same land they are lying to
you they deny christ you worship three gods they say father son and holy ghost
they say what do you say of christ they say god cannot have a son christ is not
the son of god speak to me of christ we say of christ what our prophet has
taught us that god cast his holy spirit into the womb of a virgin named mary and
that she conceived christ the apostle of god the apostle he says not the son not
the son what does your miracle your quran say of the birth of our dear lord
jesus christ may i relate the words come closer to me in the name of god most
gracious most merciful relate in the book the story of mary how she withdrew
from her family to a place in the east how we sent to her our angel gabriel who
said i am a messenger from your god to announce the birth of a holy son to you
she said how shall i mary have a son when no man has touched me and gabriel
replied for your lord says it will happen we appoint him as a sign onto man and
a mercy from us it is a thing ordained the difference between us and you is not
bigger than this line not for a mountain of gold will i give them up to you you
may live in abyssinia in peace for as long as you wish may god s blessings be
upon you when you return lntolerable mohamed disturbs even our foreign alliances
very well we will make a foreigner of him abu talib has his arms around him very
well we will throw uncle and nephew out in one bundle his whole family out we
will expel them from ourselves no merchant may trade with them no land remain to
them no roof shelter them no beggar beg for them no woman marry them until they
renounce they can t these were the worst years of muhammad s life for three
years they suffered the hunger thirst cruelty of the open desert but the year of
grief was still to come when khadija muhammad s wife for 24 years died when abu
talib his old protector died with his last breath abu talib tried again to
reconcile mecca and muhammad he never asked more from you than one word one one
god if it were only a question of one word we would have given him ten words but
the word he wants would dethrone all the gods you were afraid even to hear him
with the death of his uncle muhammad has now lost all protection he was no
longer safe in mecca alone with zaid his adopted son he went to the hillside
town of taif he asked to be taken in to be allowed to preach but the children of
taif were turned loose to stone him back into the desert what are you doing stop
stop leave him alone go away muhammad called this the bitterest day of his life
then miraculously when muhammad s mission seemed to have failed his entire
situation changed a deputation from the rich but self destroying city of medina
met him by night at the rocks of aqaba asking him to come to them to stand
between their factions to mediate their continual quarrels and civil wars

muhammad agreed provided they gave him a pledge that they worship the one god only wait when we take this pledge we expel ourselves from the rest of arabia so wait war is in this pledge we are to make enemies of brothers we are to make firewood of our gods that is the meaning of the pledge if we take it there can be no turning back for muhammad is indeed the messenger of god foretold to us by the jews in our city so if anyone has doubt in this pledge go now and if you have no doubts then you do as i do i pledge myself to the one and only god and to you muhammad the messenger of god he is of us and we are of him let him bring his followers our brothers to us to medina sync corrections by pocong ltti this was a journey that changed the world the hijra or flight to medina only 70 people split up into small groups walking 250 miles of desert yet so profound were the consequences so lasting were the effects of this walk that from it the muslims date their calendar in this moment islam found it s future muhammad himself stayed in mecca in the greatest danger until all his followers had left safely muhammad has become a nation he has received a city entering into pledges and treaties and you salool who claim to be king of medina lost the kingdom last night while you were in bed you should worry about yourself abu sufian every time you trade a whiff of perfume out the city you must creep past that man in medina he is across your mercantile throat so to speak and what do you intend to do l intend to wait and how long will you wait till you and the rest of arabia remove him to save your way of life and while you wait i should accept his call of course does he think i will give him my birthright i will not medina is worth the conversion hypocrisy of course it s a healthy hypocrisy king salool wiping his face on the floor 5 times a day praying i don t believe you he may not have to we ll do know what we should have done before kill muhammad come come and see they say that practice leads to perfection 7 young men each from a different family my own son ikrima is with them they will stab him together if the responsibility for his death is shared where lies the guilt my idea i m not sure i m part of it muhammad s body contains too much his mind his words but it is an ingenious solution and a final one no ali his cousin laid there to die for him who are we fighting they cannot go far',

a fanatic i would say i m not even sure about his good heart he s a fake
remember he said thank you response at the banquet what thank you response this
thank you response oh your eminence we only want you to become our next
patriarch we only want you your eminence oh thank you thank you thank thank god
you re not an actor he consorts with harlots on the streets the patriarch would
certainly not like that metropolitan nektarios is the patriarch s spiritual
child his creation we need something more substantial to convince the patriarch
to turn on him this is not going to be easy things are much easier than what you
are making it out to be patriarch sophronius was a patriarch of constantinople
before he became the patriarch of alexandria he was kicked out after three years
because of uh some kind of unrest he claims that uh he was betrayed by one of
his men closest to him he s scared to death of losing his seat again he will not
take any chances when it comes to it are you talking about my son nektarios is
that who you are saying is plotting against me i m sorry your holiness but it s
him we re talking about i know it is hard for you to believe that he can be a
judas but it s true your holiness it is not hard for me to believe that this
flesh is filth judas your holiness we strongly recommend that you don t see or
speak to him again i need to be alone we are trying to protect you your holiness
get out all of you out it s beautiful isn t it it is thanks to you thanks to god
minas forgive me your eminence but you know what i think about that you must
have faith with all the injustice and poverty it is hard to have faith you re
right it s a lot of injustice and suffering but that is exactly why i believe
that our life here is not all there is i have some faith because of you father
is it true they release you from your duties we will not allow this they have no
right to do things without asking us shame on them please let s stay calm i m
sure things will be resolved don t worry your eminence we have more influence
with the government of egypt than they do we are financially supporting the
patriarchate if they don t give us a proper answer why they removed you we will
demand patriarch sophronius to be removed and place you in his position i need
to speak to the patriarch first he brought me to egypt and ordained me a
metropolitan i am sure he will see me please don t worry what s going we ll
support you i know his holiness is here i would like to see him please he s here
but he is extremely ill i must see him can i help you your eminence i need to
speak to patriarch sophronius please his holiness does not wish to see you i don
t believe that what is there not to believe you have received an official letter
from him have you not the letter doesn t mention the nature of my crime i was
sentenced without a trial without the chance to defend myself i deserve to know
why for what reason for reasons known to us go go go go we want our priest your
eminence from the patriarch thank you please stay it s not a good news is it no
what do they want from you now they want me to leave egypt this is why i doubt
god don t ever doubt god minas the patriarch don t believe in him please don t
say such things they want you to leave egypt because they are afraid there will
be an uproar people will demand from the government they don t want anything
like that to happen is that clear but why your eminence i m not going to do
anything to hurt my father sophronius your father after what he did to you i can
t go against him i need to leave very soon and quietly no unrest minas keep your
faith minas thank you your eminence your decision to leave egypt has left us

deeply saddened and very emotional we consider your removal to be an irreparable
loss the church of alexandria is being deprived on one of the truly
distinguished hierarchs we are greatly distressed over your departure because we
feel an emptiness in our hearts and consider the deprivation of you to be a
great moral loss we kindly ask you not to exclude us from your prayers but to
remember us your friends who love you and long to be with you mrs filanthi
please come in good morning mr laskaridis sent me do you need anything no we don
t need your services lord have mercy on the poor the orphans the widows those in
sickness and sorrow in prisons have mercy on them that hate me and wrong me and
let them not perish because of me a sinner your eminence the archbishop sends
his regards and he s very sorry that he had to cancel your meeting he s just
swamped with so many unexpected occurrences if he doesn t want to see me it s
all right just tell me the truth i d rather hear the truth can i sit next to you
it s hard to be hungry and destitute and there s nothing one can do but there is
something in the midst of this hopelessness when the lord becomes your only hope
it s then that one can feel his presence i have been blessed lately to
participate in your suffering my brother you re different than they are they don
t seem to care about me they don t seem to care about me either but the good
news is god loves us don t ever forget that please take these i have another
pair at home what have i done i must have done something why didn t he want to
see me what did they tell him he must be thinking that i betrayed him i can t
bear to think that please lord give me a chance to speak to him how are you
holding up my brother i do panikh das and funerals thanks to people like you but
it is not enough i don t understand why the synod does not give me a diocese
here in greece because they keep slandering you from egypt they keep sending
letters most of them are anonymous i left why don t they leave me alone if they
grant you a dioceses here in athens you will become eligible to replace the
patriarch but i don t want to replace the patriarch they don t know that and
they certainly don t want to be exposed so they will never stop prosecuting me i
will leave and go to a monastery you can t do that you have a gift my brother
people listen to you in these difficult times greece needs you what do you
suppose i do then i can t even get a position of a preacher anywhere there are
bishops and priests like myself that know that you are innocent and we will
continue fighting for you in the synod in the meantime go and see the minister
of religion and education he has the power to appoint you as a preacher sorry
your eminence just one of those days when everything goes wrong how may i help
you i am nektarios metropolitan of pentapolis i have been in athens now for a
year without means to support myself i kindly ask you to appoint me as a
preacher wherever you wish i am willing to work for food and a place to stay

synod you re more than qualified to be a preacher your eminence but there is one
problem you are not a greek citizen pardon me you were born in silivri that is
no longer greece it is turkey now so now i m not i m not greek what am i then

you wouldn t be here asking me to get you a position in the church there is a

place that no one wants to go to it s from the island of evia would you be willing to get a position there of course i would you re hired thank you from the bottom of my heart i promise that you will not regret it good morning good morning my dear brothers and sisters in christ blessed is the person who has a clear conscience pharisee how misled are those who seek their happiness outside of themselves far away from their own selves did you come here to steal our money too shame on you in riches in pleasures in glory shame on you and in all vanities all of which end in bitterness please please help me lord what do you want me to do should i leave i don t know what to do please give me the strength to do what is right what is your will so that the genuineness of your faith more precious than gold tested by fire and glory and honor and the revelation of jesus christ without having seen him you doubt believe in him your eminence they are persecuting you from athens god bless them glory to god for your success in the land of egypt and for your willingness to support our church in times like these our church desperately needs people like you we know that you re supporting the greek patriarchate of alexandria and we re grateful that you responded to our need and came to visit us may god reward you greatly it s a true pleasure gentlemen having you here who would like to start forgive me for interrupting um but before we start the conversation we would like to know where holy metropolitan nektarios is uh wasn t he condemned a and expelled by the patriarch sophronius shame on everyone who condemned him including patriarch sophronius where is he i don t think he s in athens where is he i believe that he took the position of a preacher in evia of a preacher what s going on i m sorry but we were informed about him by the representatives of your patriarchate we want our metropolitan nektarios to come back to us as our next patriarch before we proceed with any business we would like you to make clear to everyone that metropolitan nektarios is holy and just and that he was slandered we will do that let s send an urgent cable to the dioceses in evia mm hmm now elder daniel why are you walking ahead of the holy bishop nektarios he who is already included in our church s holy hierarchs keep your mind in hell and despair not no monastery for you not yet we achieved this despite the obstacles from alexandria they still cannot forget about me ah forget about them you re the best possible person to guide our young men into priesthood dear father sophronius i have officially become appointed director of the prestigious ecclesiastical rizarios school deep in my heart i believe that this news will make you glad as you always believed in me since i didn t get a chance to see you please permit me to ask in writing for your forgiveness for whatever offense i might have done i ask you to find it in your heart to forgive me whatever it may be i pray that you are well and that god grants you many years and i hope to see you again permit me to ask gentlemen where are the students performing the church services in the church not far from here unfortunately one cannot perform services here due to the condition of the chapel something needs to be done about this obviously your eminence but the funds are simply not available we will have to find a way this is an ecclesiastical school permit me to correct you your eminence this is not only an ecclesiastical school it is a regular high school as well and our primary focus is to provide our students with an excellent education i understand but if we attend to the chapel and make this

place look more appealing we will attract more students who will be able to get an excellent education of course i just can t see how we can achieve something like that like i said the funds are extremely limited as a new director i will do my best to help with that i m happy to use my salary and some of my skills and i m sure that god will provide for the rest i speak from personal experience when i say that god will provide well that sounds fantastic please excuse me your eminence let me show you to your office this is kostas he will be assisting you with anything you might need nice to meet you kostas my pleasure your eminence let let me take your things to your room thank you please make yourself comfortable we will be seeing you shortly thank you very much how long have you been here kostas i graduated last year are you thinking of becoming a priest probably not uh so uh i will let you settle in now your eminence uh whenever you need me i m here thank you he sure looks different than our last principal remember he used to make us pull weeds as a punishment i guess we won t have to do that anymore we might even get lucky and have some fun once in a while right i am here to become a priest oh i forgot from the jungle that you come from fun is forbidden what did you say what did you say forget it doesn t matter your eminence this is for you your eminence many letters from egypt you ask me to keep an eye on i understand why the people of egypt love you we had you here for a short time and you ve performed miracles i i read some of your writings yes a and i i am very moved which ones did you like um i i like i like everything that i have read i think your writings will help people i am glad to hear that i would like to have it printed and circulated oh please let me assist you with that i i know a very good printer um and i i could also submit your writings to religious journals they need uh materials like this i would appreciate that very much what happened here he insulted me no he insulted me he called me a turk did you say that no yes you did you call us names all the time you stole the book what book the one that is in your bag he gave me that book and asked me to read it i haven t stolen anything you liar i think i have heard enough i have no other choice but to punish myself yourself your eminence yes myself i will punish myself with a hunger strike please i would like you to instruct the cook not to send me food for three days are we clear yes your eminence go and please make amends with one another otherwise i will continue my punishment for a longer time jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner i heard you were looking for me why are the students being punished without my knowledge because we feel that you don t exercise enough authority i do implement punishments when i feel it is necessary a healthy balance between kindness and authority is best punishing yourself instead of the students when they misbehave is out of balance in my opinion it looks like your primary focus is to direct our students into priesthood not everyone is destined to become a priest we just came out of the dark ages 400 years of ottoman oppression and slavery education is vital for our development for the development of both clergy and laypeople i hope you understand that of course you are cultivating asceticism in our students and we all know that asceticism is a thing of the

past it s dark age material i believe that you have a distorted view of what asceticism is mr president no i have a perfect view of what asceticism is it is a radical approach to religion it s long and long beards and painting this holy image outwardly of course a true ascetic does not worry about the outwardly appearance at all his main focus is to correct himself inwardly so he can get closer to god he s in effect a true christian are you a true christian i try to be your appointment at this school has not been filed with proper papers and the talk at the ministry says that you were expelled from egypt for moral reasons i was slandered of course you were did you request background check on me no your eminence we only asked for information in an official capacity so the patriarchal trust is bluntly informed the civil representative of the greek government that i was removed from my position because i was rebellious unethical and immoral mr riparis finishes the letter clearly stating that he believes you re a perfect cleric who was unjustly slandered but slander keeps following me doesn t it where are my accusers where are the witnesses where is the evidence of my crime on what grounds after four years of my unjust departure from egypt was this official accusation of me made an accusation that condemns me to immoral death what great wrong did i do against you your holiness why is there such a great wrath and pursuit against me seeking my total destruction the purpose of my outdated protest is to bring you to the knowledge of your holiness that your every rough against me is unjust may god be my witness and judge vassili leave the garden for me you mop the whole school already you need to rest i love this garden your eminence it makes this place look so beautiful if you continue doing my gardening i might have to take up some of your cleaning oh no don t even joke about that your eminence it is beneath you to clean toilets honest and hard work is not beneath anyone let s go and have some coffee you want to have coffee with me yes vassili i want to have coffee with you leave that here come on let s go i had to call this meeting gentlemen as a medical emergency concerning our student nicholas he has had fever for over two weeks his condition looks critical and even after doctors treatments it is not getting any better nor do the doctors have any idea what is wrong with him his illness seems to be of a mental nature therefore i suggest we transfer him to the sanatorium we need to inform his guardian right away we cannot do such a thing he needs to go to the hospital to be properly treated and diagnosed which is right across the street not some sanatorium far away from here after all he does have a fever he is here on a minimum tuition i doubt he can afford additional treatment of any kind we should pay for it it s the least that we can do for the child who has been studying here so diligently we can t bear such an expense your eminence he s here on a partial scholarship i think we already did more than doing the least we should inform his guardian immediately of our decision i will pay for it myself we ran all possible tests we don t know what s going on his health is falling apart i m sorry to say this but we re expecting the worst by tomorrow what is going on my son you are holding something heavy inside of you whatever it is know that god loves you and wants you to do great things god has forgotten about me why do you say that i studied hard so that i could come here and and help my father and my sisters but it was all for nothing my father has has killed himself and my step mother sent my sisters into servitude so you

see god wants me to die let s see about that here kostas inform our students
that we are going to do an all night prayer for the healing of nicholas father
father nicholas woke up he asked for food god heard your prayers your eminence
god heard our prayers look how beautiful they are justice and truth compel us to
not only endorse the metropolitan of pentapolis but to affirm that his candidacy
is among the strongest because he s one of the most distinguished well educated
and irreproachable bishops that the eastern orthodox church has to offer kostas
i read it i know you did i just need to point out what the most respected
religious journalists think about you his character is such that if someone
other than himself is chosen for the patriarchal throne he would be most pleased
i d like to remain most pleased father do not say such things they wilt you i
hope uh you are not avoiding your heavenly call to duty i am not avoiding
anything and especially not the heavenly things i just prefer the simple people
it seems that your time has come don t forget the ones who did not side with the
slanderers we are praying you re elected justice will prevail this time your
silence used to cut like a knife one word from you would have soothed my pain
even a lie or a courtesy but nothing like i meant nothing to you at all did you
really believe that i was a fraud that i wanted your seat or has the fear of
losing your position blinded you to such an extent you used to call me your son
remember i loved you like my father but some other things were more important to
you than your son my beloved father sophronius justice will prevail today i will
not be elected a patriarch thank you father how can you be happy you you should
have been the patriarch and you know it everyone knows that let god s will be
done kostas you are meant to do great things you don t have to be patriarch to
do great things your eminence i need to talk to you your articles and your books
are so full of wisdom and truth and what s more important people listen to what
you have to say you know we have a serious problem with heretics in our city
would you be able to write something to encourage people to stay with the
orthodox tradition it would be my pleasure your eminence i need your help with
this please can you make an effort to clear your status pardon me you need to
clear your status with egypt they need to give you a dioceses i have done
everything that i could to resolve my situation in egypt perhaps you could help
me first you need to resolve the matter with the patriarchy of egypt you are
considered a traveling hierarch because of your status meaning not a greek
citizen i am still not considered greek you re a holy man your grace forgive me
for bothering you you are not bothering me it is so good to be here there is so
much light in your presence i mean not like anyone else would see it your
eminence i lost my eyesight due to illness when i was very little my parents had
to make a choice to let me get a certain vaccine and become blind or to let me
die thank god they chose to let me live life is so beautiful your eminence i
have been so fortunate and also to meet you and get your blessing what is your
name xenia xenia thank you very much for your kind words thank you your eminence
forgive me if i am being bold but is there any way i can speak to you again a
few of my friends and i would like to become nuns could you help guide us it
would be my pleasure to help you please come and see me at my office jesus
christ son of god have mercy on me a sinner jesus christ son of god have mercy
on me a sinner jesus christ son of god have mercy on me a sinner jesus christ

son of god have mercy on me a sinner jesus christ son of god have mercy on me a sinner so please tell me when did this idea about becoming nuns come about we have talked about it for a long time and we have all decided that we really want to do that your desire is indeed beautiful but are you aware that by becoming a nun you re accepting poverty and a very difficult life we are aware of it our life has not been easy we all grew up as orphans in extreme poverty hardships don t scare us as long as we can stay together only a few are chosen to take this path you must be truly ready and willing to go through it until the end we are your eminence is there a place where you would like to go have you visited any monasteries we visited quite a few but it s hard to find a place that will take all of us and we want to remain together so the best option would be to find a place where we can establish the convent thank you your eminence we will start searching immediately whose land is',

'you shall not wear a mingled stuff wool and linen together when men fight one another and the wife of one draws near to rescue her husband from the hand of him who was beating him and seizes him by his private parts you should cut off her hand you shall not lie with a male as with a woman it is an abomination all verses from the old testament since perfected by christ s new law of love and forgiveness what is the value of outdated rituals and conventions of attitudes that condemn more people than they save i am imploring you imploring us to perfect our rules in the same way and to reaffirm our commitment to redemption to compassion to love and be a force for change in the law the country and ourselves i think it s admirable to demand change but a shepherd has to be conscious of how fast his flock can move too fast and some may fall behind too slow and we ll be left in the dark morning bishop mr george mr davenport thank you for sending me your speech but i m afraid you won t be speaking today attitudes to sexual morality are not on the agenda this year i have a right to speak they re taking their seats mr jones bishop i ll be making an appointment to visit your parish in the next day or two i ll need to take everything into account so it would be wise not to have any more half naked girls parading themselves when i visit that was my si how do you rules reputations that is all they care about if they don t wanna change then maybe i don t wanna be there anyway drink have you been listening it s a job will and sometimes jobs have rules that you don t agree with trust me i know there s a call a woman saying her husband attacked her where what a domestic send larry she asked for you specifically nice place so was mine from the outside sorry i ll be with you in a minute rita daltrey sorry sir i m just the maid is mrs daltrey all right no no no no dorie you need to ask me to disable it before you open the door mr daltrey poli apologies gentlemen um i just need to telephone your station it s connected directly dorie where s rita ah hello uh yes this is gene daltrey no false alarm i m afraid thank you rita what s happening here uh she uh tripped on the stairs hit her face on the banister is it bad i m still beautiful aren t i of course you are you re my sunny girl you always will be ah that ll be the doctor get that will you dorie mrs daltrey can you tell us in your own words how you received that injury it s as gene said but you told the operator you were being

attacked must have been the bump on the head and possibly the gin and tonics thank you dorie oh not again i m sorry doctor so you re a singer yes the best in clubland the magic s in the production that s where my husband s talents are doctor do rita s injuries look consistent with a fall or something else perhaps a strike with a fist wh wh now hang on well it s a large bruise even contact so more likely a banister uh yes i d say so yes inspector uh vicar i understand how this looks and i appreciate your concern but please be assured it was an accident take these and rest we can t just leave her in there just give it a sec inspector your hat what really happened i didn t see nothing sir madam asked me to give you this what is it it s johnny s business card thanks for ringing this is exactly why i told her to ask for you how long s it been going on for will listen i appreciate your interest but rita s a client so i think it s better if i speak to geordie in private i know situations like this oh don t worry we ll nail the bastard i wish i could share your optimism been trying to nail gene daltrey for years there s not much i can do johnny if rita won t talk i ve been looking after her since she was singing in pubs beautiful voice but if she used it to speak out against him what would he get slap on the wrist at best so so she wants to get away she wants to leave him but she s scared he s got this alarm yeah we heard it it s got nothing to do with burglars it s all about keeping her in it s on a timer connected directly to here and if you could if you could find out what time goes on and off i could help her escape what he s got her trapped drunk drugged up until he needs another record why can t she give you the timings herself because she doesn t know em he changes them and then he won t tell her at least when we were prisoners we had each other geordie johnny afang soup it s full of vitamins or mutton pie full of gravy i m not hungry thanks what s this about you being thrown out the conference you just can t help yourself can you i told you not to use that line about private parts i think it has less to do with my speech than someone telling the bishop about tamara being here well wasn t me he s coming here in the next few days he wants me to reconsider my position it wasn t my intention to get anyone in trouble of course not judas iscariot morning let s arrest rita daltrey the rules are ridiculous so we may make them work for us arrest her for what making a false complaint at least then we can get her alone think we can move on from that case will there s a call from the same house as yesterday the maid s hysterical someone broke in last night they shot mr gene i woke up i came downstairs and found sir like this i woke madam and then telephoned doctor harvey i thought maybe he could be saved sadly not he s been dead for a few hours now but you didn t hear the gunshot no sir could ve used a silencer mrs daltrey rita i never really woke up from the pills harvey gave me last night you didn t hear the alarm either that started when i arrived so the intruder must ve got in before the alarm was put on last night what time did you go to bed dorie early around nine so between nine and when the alarm was put on which we can get from the station right boss uh right if there was an intruder of course there was it s a robbery weren t it daltrey s walked in on em well that s what it looks like what are you getting at vicar i m just saying that we should explore all possibilities at this stage that s what the inspector usually says geordie uh larry have a look around check all the access points your broken locks latches

and maybe we should continue this conversation with mrs daltrey down at the police station it must be very difficult for her here with your solicitor present of course rita calls us yesterday because gene is attacking her and today he turns up dead that is some coincidence let s not jump to any conclusions hey i don t blame her we didn t help how s she doing well her husband s just been murdered how d you think any idea who did it well it looks like a burglary but uh thanks will she s johnny s client as you know i m sure they ll want some privacy actually it might be better to have a man of the cloth present now she s just lost her husband as you said she in here as i understand my client has outlined her movements last night and the sad discovery of her husband this morning and you ve invited her here to give a a further witness statement to the best of her knowledge yeah that s right yeah we re trying to establish exactly what happened to gene daltrey i told you i was asleep rita i can imagine you re experiencing some quite conflicting emotions primarily shock and anguish as anyone would feel having lost their spouse in such a violent and unexpected way of course but in light of your call to the police yesterday i don t see how that s relevant well um if mr daltrey did attack mrs daltrey i could fully understand if vicar are you saying that my client is now a suspect rather than a witness and didn t the call yesterday transpire to be nothing more than an accident you said yourself that rita had been a victim of abuse at the hands of mr daltrey that was off the record and not relevant to this case you said it was a burglary no i said it looked like a burglary then surely that is the angle you should be pursuing instead of making baseless allegations against a grieving widow gentlemen please my husband and i had our ups and downs like all couples i m sure and sometimes i wish i had fought back but the truth is i was never strong enough rita did you see that hmm she s a long time client the way he tried to railroad me so what look uh take rita home i ll talk to johnny sorry about that will but it s my job to protect my client isn t that right may i offer you a lift home yeah thank you my office now i m sorry you say you re sorry what the hell happened he just jumped out on me i got in through the back door i made it to the living room and there he was swinging at me like a madman so you shot him i had no choice you took a gun with you just just in case my old service revolver i didn t mean to do it it just happened it just happened what do you mean it just happened you got a drink hmm you got a drink top drawer didn t know what to do erm so i pulled out some drawers took a few trinkets to make it look like a robbery just to give us a get out us gene daltrey deserved everything he got what about rita she see you i didn t even make it as far as her before he jumped out on me she didn t know i was coming last night all right she would never have been able to keep it from him and you re sure she s just a client that s not why i did it christ you saw what he did to her i would ve wanted to help her regardless and so would you and you did we did you all right it s gonna feel different without him madam how are you would you get me a stiff drink please dorie i don t think that s a good idea rita you ve had a big shock to the system but i need something well i can help with that thank you vicar dorie might i have a quick word can we get these tested for what for sedatives i took samples of drinks from the daltrey house you what what if that s why rita and dorie were so tired last night because they were drugged by who the doctor

we know he was giving this to rita and he knew about the alarm larry thanks will yeah that s good work yeah you er get anything out of johnny no look i know he is your friend and i m sorry if i ever fancy a drink i can t i should be getting on with this hello empire builder how was the trip fine except for the calluses on my back on my hip will did you see mrs chapman s note about the bishop coming tomorrow i guessed from the smell of polish i i wanted to apologise the bishop asked me to report back about the vicarage and i couldn t exactly lie could i clearly not you may have the luxury of bending the rules but i ve always been held to a higher standard including by myself so for that i can t apologise well maybe my luck s run out now too probably fair enough paul and silas were praying and singing hymns to god and the prisoners were listening to them and suddenly there was a great earthquake so that the foundations of the prison was shaken and immediately all the doors opened and everyone s fetters were unfastened finch a word if you please bible group seems to be going well it s wonderful inspiring well it s not your concern anymore oh you ve found a new chaplain no but the prison board in their infinite wisdom have decided to reduce your sentence in the light of your help exposing the reverend mr byatt you must be delighted i am morning is uh is geordie in not yet larry have you got those test results back yet oh boss changed his mind said not to bother with em d you think geordie s been himself recently when was the last time he was late for work or didn t follow up leads will the other day when mrs daltrey s solicitor was here johnny inspector keating showed him these the daltrey alarm codes are we having a party no henry jones is henry i didn t think he had it in him neither does he he s had the nerve to be telling tales about will and now the bishop s coming to see us she knelt before him obscenity let s see what the bishop says when he sees what henry s been up to drinking smoking dirty books sylvia i know you re missing leonard but you can t frame henry i ve already lost my leonard i m not losing will too excuse me uh you re not supposed to be sleeping here oh good morning inspector didn t expect to find you here yeah that makes two of us is everything all right i know i m new to this but that s what i m here for curate to care all cure from the latin curatus is it work maybe marital strife i m fine thank you henry i ll leave you to it then shall i maybe i should find will for you wasn t with you then last night either i wouldn t worry he s uh probably just with johnny well that is what i m worried about why are you worried if i have to answer that you re not as good a vicar as i thought you were you re the one who came here so something is up you tell me i m just concerned he s making mistakes at work cause that s the most important thing what does that mean you saw the state of him on our anniversary you didn t come around here then did you i m sorry something happened i shouldn t be telling you this you re his friend i don t feel much like it at the moment cathy just a lover s tiff that s what my mother used to say well he didn t hit me he never has but he wanted to you don t ever raise your hands at cathy never touched her you shouldn t even come close what do you want to hit me now go on then fine i deserve it get off me i m not your father no you re not i expected better from you well that s your fault not mine i know you gave johnny the alarm timings did you know he was gonna kill daltrey of course not it was self defence but he s seeing rita let go it makes no difference you saw the state of her you want to be angry with me you should
